

---

To complete this survey, you will need a coin, a key or another tool, and a magnet.

**Question 1: Customer Contact information (write in)**

- Account number: (if known) \_\_\_\_\_
- Name: \_\_\_\_\_
- Address: \_\_\_\_\_
- Email address: \_\_\_\_\_
- Home Phone: \_\_\_\_\_ Cell Phone: \_\_\_\_\_

**Question 2: Locate the water service line coming into your home/building.**

The service line comes into your home from the street. It is typically located in a utility room on the lowest level of the building or in a crawl space and should be connected to your main shut off valve. Identify a test area on the pipe between the point where it enters the home and the shut off valve. If the pipe is covered or wrapped, expose a small area of metal.

- Were you able to find your drinking water service line?
  - Yes
  - No, what is the best time to contact you: \_\_\_\_\_

**Question 3: Were you able to perform a scratch test?**

Scratch test instructions: Use the coin, key, or another tool to carefully scratch the pipe (like you would a lottery ticket). If your line is painted, you may need sandpaper to clear a small area.

- Yes
- No

**Question 4: What was the color result after the scratch test?**

- Shiny and silver – Lead
- Copper colored (like a penny) – Copper
- Dull and gray – Galvanized
- Visibly plastic (White and rigid) – Plastic
- Other, please specify: \_\_\_\_\_

**Question 5: Were you able to perform a magnet test?**

Magnet test instructions: Place the magnet on the pipe.

- Yes
- No

---

**Question 6: What was the result of the magnet test?**

- The magnet does not stick to the pipe
- The magnet sticks to the pipe

*You have a lead pipe if...*

**The Scratch Test**  
...the scraped area is shiny and silver.

**The Magnet Test**  
...the magnet will not stick to the pipe.

*You have a copper pipe if...*

**The Scratch Test**  
...the scraped area is copper in color, like a penny.

**The Magnet Test**  
...the magnet will not stick to the pipe.

*You have a galvanized pipe if...*

**The Scratch Test**  
...the scraped area remains a dull gray.

**The Magnet Test**  
...the magnet sticks to the pipe.
